2. Noun _____

3. Noun _____

4. Noun _____

AJitis

Once upon a time, there was a _____ Adjective boy named AJ. He loved to read when he was not supposed to. He did so many bad things it became a disease. 8 years later, he died of AJitis. Beware, it's still a disease. The symptoms are reading when not supposed to, getting out of his seat when not supposed to, and arguing with the _____ Noun. The only way to treat it is to stay in _____ Noun and don't do the symptoms. Confront a _____ Noun immediately!!!
