The worst date ever!

I had a first date with a Noun! I know, sounds normal, right? But this Noun wasn't an ordinary Noun. She had Adjective Occupation such as a nurse or doctor powers. She could turn Adjective at any moment, she could make her Noun disappear! Who would want to do that? She had Adjective Food! Expression, after this she started Verb - Present ends in ING around the room and Verb - Past Tense everybody else's Noun. By this time, I was getting a little bit Adjective so I Verb - Past Tense out the Noun back to my Noun. Then the Noun rang. I Verb - Past Tense the door open and she was, the Adjective Occupation such as a nurse or doctor! I ran up to my Place in house and Verb - Past Tense the Noun and the Noun.

After that, I'm not sure what happened but the next minute, everything went Colour and I felt Adjective when I woke up again. This can officially be classed as the worst date ever.
