# My baby is born

I was a           Noun          . An about-to-be           Noun          . It was a           Noun          . One day, eating my ham sandwich, the           Noun           came! I           Verb - Base Form           to the           Noun           as I           Verb - Past Tense           in pain. My           Adjective           was aching!
