# Happy Father's Day!

Dear Dad,

You are the best dad in the whole           Noun           because you love me. We spend lots of time together and have a lot of           Noun          . I really like to go           Verb - Present ends in ING           with you. I would rather eat a million           Yucky Food Plural           than to go a day without you! If I had all of the           Noun           in the world, I would buy you a           Noun           for Father's Day because you are the best. Instead of a           Noun          , I will just give you           Number           kisses and           Number           hugs!

Happy Father's Day. I love you!

Love,
