Friends Til the End

Hi my name is _____, and my name is _____. We are best friends. There isn't a single thing on this planet that would change that. I like _____, and I know she likes me. We have been friends since we were 5. We live in Nashville, we go to the same school. One day at school, my other friend _____, sked _____ out, and she said yes. I was so ma, I refused to speak to her for the rest of the day. She kept trying to talk to me, but I ignored her. I asked her friend, "What do you do if your best friend asked your other friend out and says yes?" She blushed and said, "I don't know." I started to say something, and she kissed me on the cheek. I smiled and walked away. Afer school she said, "Hey, why aren;t you listening to me?" I gave her the evil glare and walked away. She called later that night and demanded I answer her. "What is there to say?" I asked. "A lot. You haven't spoken to me all day. why?"she demanded. I was slow to respond," Because I like you and your dating one of my best friends. How can you do that to me, _____?" I said. She didn't respond. "Huh?, How could you?"I cried. She finally answered," I _____ you to, but I nevr knew you felt the same way or I would have told _____ no. I like him a lot though, and I'm not leaving him for my best friend," she told me. I cried" I love you, _____. Please don't leave me hanging," I cried. THE next day she got dumped. She wrapped her arms around me and said,"I _____ you too!!!!!" I asked her out, she said yes. We would guarantee, not ever be apart now!!!!!!!!!!!!!!!!!!!!
