the man

once upon a time there was a occupation. everyday, he got up, put on his Adjective suit, and headed off to his job. in all honesty, his job made him feel terribly emotion all the time. you see, he was the Adjective guy who had to tell people they were getting fired.

one day, he decided he couldn't take it anymore so he waltzed over to his boss and said, "this job makes me feel like a Noun in a meadow full of frolicking animal! I feel like the whole world thinks I'm an Adjective loser! And you know what!? you only pay me number dollars an hour! i need more Noun - Plural! i want to move to countrycity and become an occupation!"

His boss stared at him before saying adjective ending in ly, "I can give you a promotion. You can become my new personal occupation! I will pay you number dollars an hour and give you all the Noun - Plural and Noun - Plural you desire! how does that sound?"

the man thought about it for a moment and then said, "you don't look Adjective. and plus, i never want to work for your Adjective company again!"

he stormed off and hopped on the next plane to countrycity. There he became the occupation he always wanted to be and Verb - Past Tense in several Noun - Plural for Noun - Plural before contracting disease and dying. the end.
