How I Met Your Mother !

Happy Birthday, Nickname for Pam! When we met, who knew we would be come such Adjective friends?

Pam has been one of my very best friends! For many years, we have Verb - Past Tense our friendship grow, but it all a very long time ago, over Number years.

We met when lived in City City, and went to activity together. We have seen each other through so many things, getting married, having kids, and lots in between.

One of my favorite memories of Pam, is when we age years old and we went Event Event Event.

I wish Pam a wonderful birthday and year ahead!
