# World War 1

I was \_\_\_\_\_  
in the Battle of Sheikh Sa'ad against the Ottoman empire. I was a \_\_\_\_\_  
in the \_\_\_\_\_ army. It was really \_\_\_\_\_. People were laying down with  
\_\_\_\_\_ pouring all over the place. I was thinking that I should \_\_\_\_\_. So, I did. I \_\_\_\_\_  
to the Hanna defile, which, in retrospect, wasn't my best decision. After 14 days of Survival of the  
fittest, I heard the Ottomans coming. So, I \_\_\_\_\_ away on the opposite direction. The  
\_\_\_\_\_ found me, and told me to \_\_\_\_\_ in the battle. I \_\_\_\_\_, reluctantly.  
Like all the battles, \_\_\_\_\_ was pouring all over the place. I got \_\_\_\_\_ twice. Then, I  
saw something that I may be hallucinating. I saw a \_\_\_\_\_, with \_\_\_\_\_ wings and a  
\_\_\_\_\_ tail. It \_\_\_\_\_ our army from the Ottomans, and it \_\_\_\_\_ away the  
Ottomans, giving us the victory. I was happy, and then everything went black.
