# My School

My school is really Adjective. We have Noun and Noun at my school. At my school, we have art class, but the paint is Noun. My school has gym, but instead of kickballs, we use Noun. The food is made out of Noun and Noun. The nurse's office has 143 Adjective Noun in it. The principal's office has Noun holes. and the auditorium has Noun. The classrooms are made out of the Adjective Noun. And one more thing, the playground is made of Noun. So, if you think your school is bad, come down to A. Barfen Pukealot Primary School.
