ME and my life...

Hello, my name is <u>Noun</u> . I come from the <u>Noun</u> <u>Proper Noun</u> , in the galaxy Ewala, in
the universe <u>Proper Noun</u> .
But the point is <u>Verb - Past Participle</u> tried. If <u>Pronoun</u> think you need to go to the <u>Noun</u> ,
please do so now, because I do not want to be <u>Verb - Past Participle</u> while I <u>Verb - Non 3rd Person Singular</u>
Present you my Nounbut anyway, Pronoun have been Verb - Present Tense about my
lately and have come to the conclusion that I am This is annoying. If you saw a
<u>Noun</u> as happy as me, I'll <u>Verb</u> it, and give you a full <u>Noun</u> no <u>Noun - Plural</u>
asked!
But that's not the point. The point is I am Verb - Past Participle
Well, actually I am not.
But that's not the point. What is the point?
"The point is everyone should have my <u>Coordinating conjunction</u> and timetable! screamed <u>Noun</u> who
I subsequently <u>Verb - Past Tense</u> across the <u>Noun</u> and decapitated before sending him home in a
Noun Noun.
Before I introduce myself, let me share with you a story. A story about me, and how great I am. But first, I think
it would be <u>Adjective</u> to introduce myself. I am going to do this soon. So, it all started, in a
Adjective Noun , north of Proper Noun , south of Proper Noun and east of where

are sitting right now. It was a dark night, with no <u>Noun - Plural</u> nor <u>Noun - Plural</u>, and it was raining a silent rain. There were too many stars to count, and not enough clouds to cover them. I like chickens. But anyway, what was I doing in this <u>Adjective</u> <u>Noun</u>? "I was ______ Preposition or subordinating conjunction ______ at the boxes of ______ Noun _____ food with you, remember!?" said ______ grandma, but she was wrong. What was I doing? That's right, I was writing this story. Now back to the story. I needed to find something, so looked for it, and the most amazing thing happened! I FOUND IT!!! Guess what it was??? it was a piece of <u>Adjective</u>, <u>Noun</u>, which I dropped last <u>Proper Noun</u> . I thought the <u>Noun</u> <u>Verb - Past Tense</u> it, but I guess it didnt. There were many things over there where I always looked for things, but I didn't like them, so I don't know why I was always looking for them. But this thing I did like. And this thing, it liked me right back in the face. But I don't like things that like me. They Verb - Base Form Adjective . So I made Pronoun Adjective with this, and laughed itself to sleep. But then in the plane, he needed to go pee, so I Verb - Past Tense myself to sleep as he pissed himself to wake. He was definitely awake when the plane started to fall. He was definitely going to fall with the plane, and he was definitely going to get lost again. And lost he did get. Lost in the eternal sea of human sadness, lyrically <u>Adjective</u> without the <u>Adjective</u> countenance to outweigh it's inherent irony. And that was where he found himself, lost in an Adjective

Noun

... That was where he found himself.

He was taken to new levels of excitement, when he found himself. Oh what a day.... Oh ...what a day. But this was to be expected, because he was not just random. He was ranDom with a capital _____Noun____. But anyway, who cares about the bacon, this story is about me.
Me and my eternal instructions of _____Preposition or subordinating conjunction _____from underneath. Me and my inherent _______ of the ways of the universe.
Me and my ________.
Me and my ________.
Me and my ________.
Me, and my _______.
