Creation Mad-Lib

What is? I thought about it once or twice and tried to understand, but I could not. I simply didn't
have enough information. It is just as and and as the words and and
Noun Simple words that, once uttered, caused Adjective damage to the Creator who uttered
them. Some never returned. Some became Some never spoke again.
I saw a man fall to the ground once. He oozed At the time, I thought it was something of
Creation, a project of an Artist. Now, I am not so sure. I never saw that man again, and is rarely
seen. There was much of it. He must have been taken to the Community, as one is supposed to keep one's
Noun to one's self.
