Once there was a little kid named First Name of a Person who went on long hike through a Adjective forest at the edge of East Moriches. At first he had fun watching the cute little Noun - Plural go scampering through the trees and talking to the Adjective bunnies that dodged between the Noun - Plural. Then it began to get dark, and soon it was evening. Name of same person realized he was lost, and he got very Adjective. Suddenly, he noticed that the Noun - Plural began to look like Noun - Plural, and they seemed to reach out their long Adjective fingers to grab him. Then he saw a Adjective Noun floating in the air and glowing eerily. It made a Adjective noise and said, "I am the spirit of the last of the Last name I am lonely haunting this forest alone, and I came to find a young Noun to help me. Then it went, "Boogity, boogity boo! Name of same person said, "Aaaaaaaah!" And that was the last anyone ever heard of him. Boo!
