# Beyond Space

On a little planet called memporphiles, there were \_\_\_\_\_ Adjective creatures who where like animal type. One is a hedgehog, two tailed fox, and a big hand enchina. They came along a path full of robot enemies by the evil doctor robonik. He is fat and egg shaped and with a big mustachs. He always wanted to detroy him but the hedgehog, Sonic, was never defeated. After 20 years of his life he was still unstoppable.
