Mike was not good at all things. He couldn't play sports because he was not fit. He was not good at skool because he was never there he was out in the streets trying to make money for Pronoun and also his family. But one thing he could do very good is rap. Around his way he was the best Adjective rapper and song maker. he wanted to chase his raping dream but he couldnt do it alone. He needed a right hand man to make his beats and to get him in the studio. He also had to make it to the studio in one place because the studio was in the northside. And if u knew what Mike get into day by day you would know people in the Adjective didnt like him not one bit. But that didnt stop Mike he kept going to the studio everyday and making mixtape Preposition or subordinating conjunction Noun. And even though he would get Verb - Past Participle at night leaving the studio he would constantly still go over there. And his dedication to his dream made him better and better then he got a chance to prove his skills to one of the best rappers alive Rick Ross. And that got him the spot of being in the MMG group and become one of the greatest Noun - Plural.
