Spooky story

Once upon a time there	e wereAd	jective br	others who liv	ed in a	Adjective	house in a very lonely
part of Scotland. An _	Adjective	_ woman us	ed to do the	Adjective	cooking,	and there was no one
else, unless we count h	er Adjective	cat an	Adjective	dogs, v	within miles	of them.
One <u>Adjective</u>	afternoon the e	elder of the t	two, whom we	will call Els	shender, said	he would not go out - so
the younger one, Fergu	is, went alone	to follow the	Adjective Adjective	path wh	nere they had	been camping the day
before, far across the n	nountains.					
						, and Elshender became
very uneasy as he watc	thed and waite	d in vain till	long after their	r usual supp	ertime. At la	st Fergus returned,
Adjective and t	ired, nor did h	e explain wh	ny he was so la	te.		
But after supper when	the <u>Adjectiv</u>	ve broth	ners were seate	d before the	Adjective	fire, on which the
peat crackled cheerfull	y, theAdj	ective do	gs lying at thei	ir feet, and t	he Adject	woman's
Adjective cat S	itting gravely v	with half-shu	it eyes on the h	earth betwe	en them, Fer	gus recovered himself
and began to tell his ac	lventures.
