Cody Fisher mad lib

Once upon a time in a galaxy far far away there was a young Proper Noun named Cody Fisher. He was one of the strongest of the Jedi. He was also very good looking. But there was a bad guy crossing the galaxy named Zack Walker and he was a master of the dark side, So master Yoda sent Cody to take out Zack to test his strength. So Cody went to Proper Noun to fight Zack and they met on the battle field. They both were very strong but Cody was stronger, and when Cody was about to win Zack surrendered and yelled "fiddle sticks!". then he left the dark side. So Cody and Zack were friends from then on and they both yelled "yippee" and they fought evil from then on.
