Dad's retirement

A new to generate the equivalent of half of electricity needs from renewable
energy by 2015 has been by the first minister.
Alex Salmond Noun the target at the Adverb conference in Glasgow.
The SNP claimed the new goal was achievable, after the government confirmed Scotland had beaten a 31%
target for 2011 by about 4%.
But the Scottish Greens that without verb - Present ends in ING the use of fuels the long-term targets would not be met.
The first minister told delegates the Noun-Plural industry presented a "massive economic opportunity".

This target is ambitious, but also achievable"
Alex Salmond First Minister

He said the new target would help build on the current 11,000 jobs in green energy following a "bumper year	ar"
for investment, with projects estimated to be worth 2.3bn.	
Investment in jobs
