Big Birthday Party

On Sunday there was a Adjective celebration for my grandpa and my sister. There birthday was here.

Noun-Person birthday is on Halloween night, and my grandpas is on October, 27. We ate lots of

Adjective delicious food. I ate too many delicious pickle wraps, so i only ate cheesey cheese cake after

that. It had cherries and cherry syrup. Then we had all the kids get into there Adjective Halloween

costumes. Then they would Adverb Verb - Base Form around and all of the the older kids and

adults would give them a piece of Noun. I was Verb - Present ends in ING out little puzzle sliders to

the Noun - Plural, but i think they are really hard. I wore my jokers mask so I could hand out stuff to the

kids. I also wore that mask on Halloween while Verb - Present ends in ING trick or treating. Every few minutes

i would have to say Interjection because a little kid would have Adverb fell and landed on me. It

was a very spooky party.
