Wooden house

In a far, far away there lived a man. This man didn't live and understand the way most
Noun - Plural didn't understand. This man decided that he would like to Adjective the
So he decided to research what he was and what it means to live in the This
man decided to try and experiment. He decided to attach a Noun to a piece of Noun and attach
it to a <u>Noun</u> and attach a <u>Noun</u> wire to the <u>Noun</u> also. He then attached the
Noun to a tree and let it fly during a thunderstorm to test the effects of electrical impulse. A thunder
storm soon came in and devastated the whole area. During the thunderstorm the got struck by
lightning and traveled from the Noun through the Noun wire and into the Noun. The
Noun then split in half down the middle. The Noun was keeled over on the ground. The man
then started to use <u>Noun</u> and <u>Noun</u> then leaned them up against the <u>Noun</u> and create
a Noun he insulated it with Noun and bonded it together with Noun and
This house was amazing it is known as one of the best homes in the happy forest
He lived in this house for years awaiting his death. Once he died all of the little fought for this
house. They fought for the days camping through cold nights. One day one of the decides to light
a fire within the house and burnt the whole house down. The moral of the story is don't light a fire in your house
made of Noun and Noun.
