

christmas tree creations

1. Verb - Past Tense

2. Noun

3. Verb - Present Ends In S

christmas tree creations

once apon a thanksgiving day, 3 little girls helped their grandparents decorate a christmas tree. the grandfather

Verb - Past Tense put the tree together and get the ornaments on while their grandmother helped find everything and put holiday music on. emma, the youngest, was not very interested and went back and forth from decorating to coloring. rachel, the middle Noun, was good at pushing all of the ornaments to one side of the tree very close together. although, rebecca, the oldest, got annoyed but Verb - Present ends in S and went back to rearange all of them. this was not the most perfect tree decorating i had seen, but i know that it was memorable to the family who participated in it.
