Hey man,           Pronoun           look like a           Noun          . How           Adjective           do you have to be to  
          Verb           that this will           Verb          ? I think this is a funny game to play, and I           Verb - Non 3rd Person            
          Singular Present           an ice cream           Noun           to           Verb           everyone I know a           Noun           salad. Once I  
was a horse. Now I am a           Noun          .
