# the school dance

Today is the \_\_\_\_\_ Noun dance and my friends were freaking out. First I had to \_\_\_\_\_ Verb - Base Form some  
\_\_\_\_\_ Noun, then I went to the dance with my friends. At first I was a bit shy but my friends helped me and I  
danced with my friends. I was about to spin but instead I slipped on a banana, that someone just left there.  
Everyone was \_\_\_\_\_ Verb - Base Form at me so I left and went home.
