## **Friends in the Forest**

One day I was through the forest under and over branches. Out of nowhere I ran
into a wild horse. The horse wasn't just any horse it was feet tall. After that wild experience I
pasted the horse and started walking a little more curiously! Then, I looked off into the
distance I saw a small figure. I approached the Moun Adverb, watching that
I don't step to close. Pronoun turned around had Adjective glowing eyes. After that expirence I
noticed that this wasnt just any old forest! Something just! Something just verb - Past Tense
under my legs. This thing wasn't just a snake! By that point I noticed that need
to get out this forest as fast as I can. I was tripping over every little bump. It is almost like they tried to just
I was in a hurry. Finally I got out of the forest and started walking to my
house. Then I hear my friends start laughing and running of the woods. Finally I notice that
every experience that day was just my Adjective playing a joke on me!
