My adventure with a weirdo

One day, I was walking down the street in, and a, and a man came up to me. "
'eller, m' name's from from, Georgia. Y'all wanna go have some wheat
grass juice which me?" he shouted.
"Sure, I guess" I said.
" 'll golly picklesnort!!" he exclaimed He drove me to his ridiculously small home all the way down in Haystack
from my home, and had me eat a green liquid that tasted lumpy that he called wheat grass
juice. "It tastes like junk!!" I exclaimed. He then barrel rolled over to his fireplace and took an incredibly smelly
sock off the mantel. "Here yer go! This looks like an exceptional pres'nt fer a snot like you."
"Can I have a ride back to?" I asked?"
" 'll can't yer hitch fart up ta Ol' York?"
So I hitch farted up to with some atrociously dressed gauge while it was trying to eat me the
whole way up. When I got home, it was Christmas already, and I got a nightstand, wood, and a car. What an
adventure.
