# The Bacon

My day started \_\_\_\_\_. First my \_\_\_\_\_ got loose and I had to lock him in the basement. Then as I was \_\_\_\_\_ to work I got hit by a car. I then had to go to the \_\_\_\_\_. The \_\_\_\_\_ nurse put a cast on my arm \_\_\_\_\_ tight and it turned purple. \_\_\_\_\_ nobody would help me I had to try to cut it off myself. I cut a big hole in my arm \_\_\_\_\_ I started bleeding blood \_\_\_\_\_ bad. I passed out \_\_\_\_\_ my jelly donut. When I woke up I had stitches in my arm. \_\_\_\_\_ let me go home. \_\_\_\_\_! As I was walking home I went by a farm. The pigs they had jumped out of their pen and \_\_\_\_\_ me. \_\_\_\_\_! I took some rope out of my pocket and I tied it onto \_\_\_\_\_ necks. I got up and walked away with the ropes in my hand. \_\_\_\_\_ the time I got home I put the pigs in my backyard. I got out a knife and went outside. When I came back inside I got out a pan and put it on my stove. I cooked my food and ate it. The bacon was delicious.
