My Dream Guy.....So I Thought

It started this morning when I saw.....Pronoun. He was perfect. He was just breath-taking with his luscious, Adjective hair and his sparkling blue eyes. I later found out that his name was Robert Ezekiel Rafiki Pumpernickel. The first time i saw him he was washing his 1962 classic blue Noun. I just happened to be walking back to my house from my friend, Madonna Kesha Doorknob's, house when I walked by his house. Adverb, I got Conjunction distracted looking at him that I Verb - Past Tense and fell into a rose bush. It was ever so embarrassing, but I made an awesome recovery by getting up and saying, "Your rose bushes are quite Adjective interjection!" and walked away Preposition a boss. Since that day I've found myself always thinking about him. I started to stalk his Facebook page and walk by his house everyday. It was all great until the day I found out that he was a/an Noun. He had pictures of spaceships all around Pronoun room and lots of science fiction books. That was the day that I Adverb let go and thought, "interjection two species just can't mix." From that day forward I was back to being me, Kaya Cecilia Elevator. Plus, I had more time to spend Preposition my pet llama, Marmaduke, so it's all good
