The World Has Gone Mad

What has happened when have dogs afraid of them. Even thought dogs are bigger then cats
that doesn't seem to matter to them. Cater is one of those cats that thinks is better than
Noun - Plural . He might even think they are dumb. The first time this happened Carter who had been
playing with his toy when Bella came in and next thing you know there was what looked like a
ball of fur landing on my dresser. Bella who ended up
! You get back here!",had to be taking down stairs when we were doing so
I end up screaming, when he was about to jump on
what made me thing that Carter is becoming a big, mean bully. Then there is puppy who is afraid of a cat. This
cat often chases the puppy while the puppy verb - Present ends in S for its life. Then there is one more cat that
I know of that is not afraid of a dog. The dog would, as I thought, never back down to a cat, did. It all happened
when he met this cat, when the cat saw him did not even run, just walked by. The next time the cat hit him
then the dog just walked away You know what is weird all the cats were
almost the same they were all overweight and
