the girl had a bad dayA friend's $\qquad$ is perfect! We will be there Sunday, March 24
to Sunday, March 31 in Escondido. We do not have any set $\qquad$ , so any of those dates work.

Easter is March 31st. So should we have the $\qquad$ March 24 or 25th (to not interfere with people's easter weekend)? You decide what day works best for your $\qquad$ ! We are up for $\qquad$ . If you send me addresses, I can send out invites. Since I will be with Michelle and $\qquad$ , would you be willing to be in charge of $\qquad$ and food? I can contribute financially to what you purchase.

Would her sisters and David want to help with games? Also, do you know what Michelle and Jonathan want/ need for $\qquad$ baby? Should there be a gift registry set up for them? Or do you think it would be easier if people (if they wanted to) give money since they are going back overseas?
