29 CFR 1910.1200(a)(1)

This safety and health standard is intended to address comprehensively the issue of classifying
the potential hazards of, and communicating information concerning
and appropriate protective measures to, and to preempt any legislative or regulatory
enactments of a state, or political subdivision of a state, pertaining to this subject the
potential hazards of chemicals and verb - Present Tense information concerning hazards and
protective measures to employees, may include, for example, but is not limited to, provisions
for: verb - Present Tense and maintaining a written hazard program for the ,
including Noun - Plural of Adjective chemicals present; labeling of Noun - Plural of
chemicals in the, as well as of containers of chemicals being shipped to other workplaces;
preparation and distribution of safety data sheets to and downstream employers; and
development and implementation of training programs regarding hazards of Noun - Plural
and protective measures. Under section of the Act, no state or political subdivision of a state
may adopt or any requirement relating to the issue verb - Past Participle by this Federal
standard, except pursuant to a state plan.
