Zombies & Stuff

Write your story here: One fateful day, Dr. DeVaughn accidently dumped toxic pollutants in a dead body' remains creating the first zombie! From there on that zombie killed and terrorized millions and millions of people, until DeVaughn the savior came to the rescue. Zack was out to find the root of this evil to shoot it. His mother had fallen victim to the curse herself. Zack carried a 44 huge Desert Eagle just in case of a zombie attack. It was rather frequent that he carries grenades, but he didn't throw them. You just never know when he might start though. He traveled town to town looking for Dan 'Insurance Clerk' Kerry or his friends to call him. After _____Number_____ years of search he finally found him in a Hospital. It was over after all these years when he pulled out his magnum and blasted that zombies head off.
