Hi, My Name is Andrew

1.	Adjective
2.	Adjective - Comparative
3.	Noun

Hi, My Name is Andrew

I have also developed a post-MBA career roadmap. After graduating, I expect to return to the software field. I
plan to join a small or firm working in the SaaS model in a position where I have revenue and
cost responsibilities for a service line or segment term, I would like to lead a
cross-functional team in developing a new software service - all the way from to profitability.
