UBERCHICKENLOLOL

Okay, so one day, these two Adjective Noun - Plural came up to me. I didn't know exactly who they were, I didn't even know whether they were guys or chicks or maybe both, but they decided to take me on some random adventure to Proper Noun Proper Noun. I tried to get them to realize there was no such thing, but they insisted. We got to this random giant Z. They spoke Foreign Language or something, and it turned red. Apparently, something was funny, because they laughed while they talked to it. Later, we were in the forest, and we ran into this giant lizard thing. They talked to it for a bit, even though I tried to tell them it couldn't talk. Eventually, we actually got to Candy Mountain. A sign made of red Proper Noun was above, and then the letters started singing and dancing, and subsequently Proper Noun. I went inside, and the cave closed. I then got beaten to a pulp, and when I woke up, my Part of Body was missing.
