Snowy Days

We are currently in the week of Snowy Days. A week where many dress up in _____
outfits to match the days of dress up. But this year, our pride, in the days of dress up, has gone down. Not
_____ people, but _____ people have only been dressing up. _____, as student
council, just don't know what to do. We try and try and try, to think of _____ days of dress up, but
nobody, not even the _____ like them! That is why people should speak up! But, on the bright side,
_____ and I are going _____ tonight for _____, because
we have a Snowy Days dance on Saturday night! That is, if we don't get snowed in from the big storm coming
our way. Maybe next year we'll get more _____. Hopefully, everyone can make it to the dance! I
heard everyone likes to jump up and down, and sing and _____! Sounds perfect for me. I just hope
Snowy Days will turn out better next time around!
