# naked hugging

i was in my bedroom watching Videos or porn when my bestfriend, Girl name came in. i had time to turn it of befor she saw but i was hard. she noticed but acted like she didnt. she was wearing a skirt showing off those gorgeous long legs of hers. it made me even harder. she went straight to the bathroom then called me over. "come here iwant to give you a hug"; she said as i was standing in front of her she said "im not wearing any panties"; and as she said that she was puling the front of my pants just so my penis was out she lufted her skirt and and we "huged". i strted to push it in and out. then i grabed her and sat her on the sink. she wraped her legs around me making me go in deepr...she was speechless. but then i heard my girlfriend voice. we loked at each other but kept going and told her i was in the bathroom about to get in the shower to wait down stair. thats what i did got in the shower with same girl name still wraped around me while she moved back and forth just to feel penis sliding in and out. "im goin to cum"; i told her but she was wraped around me and held me tighter as i told her and as she just did that i came and she let a moan out. i came one more time until we reached out climax. we finshed our shower then i headed down to a date with my girlfriend...to be continued.
