Once upon a time, there was a story maker called Mad Libs. It was "a fill in the blank" style sort of thing. There

would be a _____Noun_____ where there would be random blanks around the page, and you would have to fill

them in. The story would end up very _____Adjective_____, like "Once upon a time, there was a _____Adjective_____

_____Noun_____ that was made of reinforced _____Proper Noun_____ _____Proper Noun_____." That is the kind of thing
