Improvements in Transportation

Once upon a there was a named Robert Fulton. He was a very Adjective	_
person. Did you know that Fulton did his first with steam engines in ? He a	ılso
was a painter. The created the steamboat, a boat that was powered by a steam	n
engine and huge paddles on eigther Noun When he verb - Past Tense his	
Noun to other Noun - Plural no one thought that it would work, he Verb - Past Tense there	n
wrong! When he up the Hudson River he took more than by foot and h	e
went Adverb - Comparative too became popular and everyone Verb - Past Tense	
them. Another thing was that Proper Noun created the submarine.
