# Rich family

Hello my name is           Proper Noun          . I live in a small house with           Number           sisters, but I'm going to talk about who I           Verb - Non 3rd Person Singular Present          . Her name is           Proper Noun           Susan. She is the           Adjective           girl in my school. Her family is very rich, her father owns the           Noun          . Every time you pass her house you can feel           Adjective           cut           Noun          .with a huge white mansion with blue shutters. Also, with the           Noun - Plural           on the whole thing look like it was           Verb - Present Tense          .well today she missed school cause she was sick so, I have to bring her, her homework.so I get to           Verb           Sally. So, I knocked and her mother let me in and ask if I want a           Noun          . I said " no thanks". And Sally popped in. She said we can go to her room so that my parents don't bother us.so I was following I notice that her house was very           Adjective           and           Adjective          . When we got to her room I seen a           Adjective                     Noun           filled with           Noun - Plural          .sally said why you here., and I said I'm just here to give you your homework. Then, I left.
