I enjoy long, Adjective walks on the beach, getting Verb ending in ED in the rain and serendipitous encounters with Noun - Plural. I really like pia coladas mixed with Liquid, and romantic, candle-lit Noun - Plural. I am well-read from Dr. Seuss to Famous Person travel frequently, especially to Location, when I am not busy with work. (I am a Occupation.) I am looking for Noun and beauty in the form of a Nationality goddess. She should have the physique of Female Celebrity and the Noun of Female Friend. I would prefer if she knew how to cook, clean, and wash my Noun - Plural. I know I'm not very attractive in my picture, but it was taken Number days ago, and I have since become more Adjective.
