# Whats Your Crazy Name?

One day i sat by my best friend Noun. She told me to throw Noun away. So i did and i slipped and fell on my butt, but just before i got up someone called me a crazy name! My crazy name was Noun. Then some girls helped me up and one of the girls kissed me on the cheek. Then i found out she was a Noun. So then we moved on and started eating out of a Noun. Then i invited her to my house to Noun. Then she had a Noun.
