Our New Address

Dear friends and family,

We are so Adjective to let you know that Francesca has accepted a new job in Faraway Place, and we will be moving there next month. Although we've been so happy during our time here in Berlin, the time has come for us to explore a new place, and we just couldn't say Exclamation to this fantastic opportunity.

So, what could be so Adjective that we'd be willing to relocate for it? Francesca will be working as a Professor of Adjective Noun - Plural an Noun ending in -ism at the University of Faraway Place. Jens has not decided yet how he will spend his time, but he is considering becoming a professional Occupation, a stay-at-home Occupation or an Occupation.

We've already paid a visit to start looking for places to Verb - Base Form, and we're in love. We can't wait to explore the famous Noun, ride Kind of vehicle - plural along the Noun, and try Adjective Animal Part of Body, a local delicacy. We hope you'll come to visit us soon!

Lots of love,

Francesca and Jens
