Miss Benning's Spring Break

Over the holidays, Miss Benning was Adjective. She moved in to a different Noun. She painted it Colour, Colour and Colour. She was very Adjective when the job was done.

Miss Benning moved a Noun in to her living room and a Noun in to the kitchen. It looks so Adjective! Miss Benning now lives close to Person. How Adjective! Miss Benning would really like a Noun of her own now that she has her own Noun.
