# Mom's Spaghetti

My mom makes \_\_\_\_\_ Adjective spaghetti

with horseradish sauce and \_\_\_\_\_ Food.

She tops it with \_\_\_\_\_ Food and \_\_\_\_\_ Food,

\_\_\_\_\_ Food and barbecued \_\_\_\_\_ Food.

She serves it for supper on Sunday.

On Monday we have it for lunch.

It's breakfast on Tuesday and Wednesday.

By Thursday, you guessed it, it's brunch.

I don't like to \_\_\_\_\_ Action - present tense my mom's feelings.

I said that I \_\_\_\_\_ Action - past tense it. (I lied.)

I always gave mine to our \_\_\_\_\_ Exotic animal.

And that's why our poor \_\_\_\_\_ Exotic animal died.

So next time you serve us spaghetti,

dear mother, don't make it like that.

Please serve it with red \_\_\_\_\_ Food and \_\_\_\_\_ Food,

and

that way it won't kill the Exotic animal.
