## The Solar System

Sally went up to her mother $\qquad$ said, "What is $\qquad$ solar system?", her mother replied
, " Well, it is many things,". "Well start with the planets... How many are there?" says Sally. " there are 8, but there was 1 more but it got reclassified as a dwarf planet. The planets name is Pluto. The other 8 are (in order from the sun) $\qquad$ , _ olanet , $\qquad$ , Lolanet ,
$\qquad$ , and $\qquad$ (then Pluto)."Thanks, mom." The next day Sally went to school, and
$\qquad$ with $\qquad$ class all of the $\qquad$ in order.
