# To The Future Mrs. Riley Green

Dear Future Mrs. Green

Even though you are expecting a beautiful little Noun, we all know you still have Noun. It's quite obvious that Dakota has fulfilled them looking at your sonogram picture, but what about the spark?! Let me help you bring the Adjective back in your bedroom Noun style. Now when your in the mood start by A Motion Dakotas Body Part and Whisper Write your own Satment in to his ear. Now if it works he will DO A Fantasy and you know IT'S ON! This will make you both Verb - Base Form to the BEDROOM! When you LOVE BIRDS hit the Noun, you'll start SEX Term like Noun - Plural! But wait!!?! Be careful and safe and make sure you use A Noun so we won't have anymore little Noun running around any time soon. I hope you Adjective my advice and I Love You Both and only Hope the BEST for you both!

Much Love, \_\_\_\_\_
