Subject Pronoun or Possessive Adjective

Maria had to buy food for herself and _____ son. Divorced for ten years, _____ was used to doing the shopping for _____ son. _____ was a junior in high school, which meant that _____ would be entering college in two years. Then _____ would be shopping only for herself. _____ felt sad when _____ thought of this. _____ hoped that _____ would attend the local junior college and then transfer to a university. That way _____ could continue to live at home for another two years . _____ loved him, and dreaded the day that _____ would no longer be _____ daily company.

Maria drove to Costco, a chain store that sold food in bulk packages. By selling in bulk only, the store helps _____ customers save money. _____ parked far from the entrance. That meant a longer walk, but also a faster exit from the parking lot. _____ grabbed one of the big shopping carts outside and pushed _____ into the store. _____ purse stayed tightly hung over _____ shoulder. Surprisingly, the store wasn't too crowded.
