The Seduction of an Unknown Lady

Powerful arms lifted her, catching her so that she faced him, her bare Plural body part bracketed around his.

A long arm swept around her Part of Body. "You pleased me, love. And I am glad that I Verb -

Past Tense you so much. But the next time we are Adjective like this, it will be a different part of me

that will be inside you. The next time, it will be this." Reaching between them, he fumbled with his trousers,

freeing his Adjective erection, curling her Plural body part around thick, swollen flesh and sealing it

there with the pressure of his Part of Body. "And there will be nothing between us, sweet. No barriers of

Noun. No barriers of Noun - Plural. Do you understand what I am saying?"
