# Our Cafeteria

Our \_\_\_\_\_ Location has \_\_\_\_\_ Number foods. It has \_\_\_\_\_ Noun, liquids, wheat, and \_\_\_\_\_ Noun. Not \_\_\_\_\_ Number people take hot lunch, but the people who do, they usually throw up. Personally, \_\_\_\_\_ First Name of a Person and \_\_\_\_\_ First Name of a Person prefer cold lunch. Some people have experienced their meatloaf to be moving. The jello is \_\_\_\_\_ Adjective and the potatoes are \_\_\_\_\_ Adjective. The milk is \_\_\_\_\_ Adjective and has ice in it. One time, someone found \_\_\_\_\_ Noun in their \_\_\_\_\_ Noun. I'm pretty sure the lunch ladies don't even wear hair nets. But sometimes, \_\_\_\_\_ Full Name of a Person has a habit of spilling her \_\_\_\_\_ Adjective and has to have them be replaced. Other than that, lunch is great because you get to mingle with your friends and see people eat disgusting \_\_\_\_\_ Part of Body. Wouldn't you want to go to lunch at our \_\_\_\_\_ Noun?
