# Calling in sick

It was a Adjective spring day. John didn't want to Verb - Base Form. So he concocted a Noun in order to take the day off. It went like this: Dear Proper Noun, I am unable to Verb - Base Form today because the Noun Verb - Past Tense over his food Noun - Plural and the Noun Verb - Base Form it all. So the Adverb dog went into the Noun and chewed my Noun. This caused me to see Adjective. When I came back into the house, and everything was Adjective, I thought i was Verb - Present ends in ING so I called the Noun.
