9. Verb - 3Rd Person Singular Present \_\_\_\_\_
10. Adjective \_\_\_\_\_

# Charles' Law

Once upon a time, there was a man named \_\_\_\_\_ Proper Noun Charles who did an experiment with \_\_\_\_\_ Noun - Plural. He learned that different gasses of the same \_\_\_\_\_ Noun at the same heat, grow uniformly. This proves that \_\_\_\_\_ Noun and \_\_\_\_\_ Noun have a \_\_\_\_\_ Adverb proportional \_\_\_\_\_ Noun. This means that when one goes up, the other goes down. The one thing that never changes in this equation is the \_\_\_\_\_ Noun. This law also \_\_\_\_\_ Verb - 3rd Person Singular Present why bread rises in the oven, and why lung capacity reduces when the weather is \_\_\_\_\_ Adjective.
