Swimming Lessons!

Today, you are going to learn how to become a great swimmer!

First, you need a piece of clothing. Make sure it's comfortable and not Adjective. First lets start out at the Adjective end of the pool. Dip your body part in the liquid until you're completely Adjective. Then once you're in, start with the animal paddle. Kick your plural body part and plural body part like you're whipping liquid. You should start to float, if not, verb your muscles and try again. Once you're body is verb ending in ING freely, lift your left body part and place it in front of your body part. Then do the same with your right body part. At the same time, kick your plural body part like you're a animal trying to verb. You should see your body starting to move direction - forward backward sideways etc, keep your body part in the air at all times and wearing some Noun - Plural can protect your plural body part. Noun - Plural and Noun - plugs are optional as well. Swim a few strokes around the Noun until you get the hang of it. Next, we can try diving off the Noun. Pretend you're an animal flying freely through the earthly substance - water air smoke etc. It's a lot of fun!! Once you go under water, remember to kick but stay emotion. Soon, you'll be able to float on liquid without effort. Swimming is Adjective, Adjective and Adjective. I hope this step-by-step guide helped you become the Adjective - Ends in EST swimmer!
